Fully Developed

Got building blocks / system, now time to review for management of risks.

Your score: {Score Percent:87}%

Where are you now?

Workplace has **most** or **all** required policies, procedures and tools in place.

Workplace has **comprehensive** HR, Health & Safety, compliance, business improvement processes, and specific training program in place.

Business productivity could be improved by further enhancing the health and safety management processes, ensuring all the high risk hazards of the business have been identified and a process exists to either eliminate or manage these risks.

What are your next steps?

Work with industry body/consultant to assess audit preparation and to fill any remaining gaps/deficiencies.

Review supporting HR, OHS, compliance and business improvement processes, policies and procedures.

Start with Australian Industry Group WHS Consulting Services

Pre-accreditation WHS Gap Analysis, and review of business strategy and WHS plan.

Suggested actions for your business
